

Remarks

I have carefully reviewed the Final Rejection of October 4, 2006 of Examiner Underwood. This Amendment puts the application into condition for allowance by canceling the only rejected claim, namely claim 1.

The Cancellation of Claim 1

The Applicant does not agree with the Examiner's rejection of claim 1. Nonetheless, since claim 1 is the only rejected claim, claim 1 has been canceled to expedite the allowance of this application.

Amended Claim 9

Claim 9 has been amended herein only to make the recitation of a singular loader arm at the end of the claim into a recitation of plural loader arms since claim 9 previously recited "a pair of loader arms". This change is needed to make the number of loader arms recited in claim 9 internally consistent and obviously does not affect the allowability of claim 9.

The Information Disclosure Statement

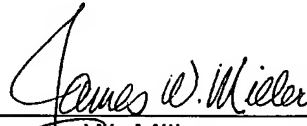

An Information Disclosure Statement is being submitted herewith to make of record certain prior art that may be material to the examination of this application. It is believed this prior art is cumulative to that already considered by the Examiner, but since it has been advanced by an opposing party in litigation it is being submitted to the PTO for consideration herein.

Summary

This Amendment places the application into condition for allowance by cancelling the only rejected claim, namely claim 1. All of the claims currently pending in this application stand allowed. It is respectfully requested that this application be allowed and sent to issue.
